

Farm fresh milks, creams and concentrates for every customer's unique manufacturing needs

Burra Foods works collaboratively with our customers to develop products that meet their specific dairy ingredient needs and unique manufacturing requirements.

Fresh cream and milk concentrates are loaded out in bulk tanker loads for use in the manufacture of ice-cream, yoghurt and domestic cream products or other applications where fresh milk is required.

Our Quality Assurance

Burra Foods is an approved manufacturer with Certification & Accreditation Administration China (CNCA).

Burra Foods has FSSC 22000 certification.
